## RULES AND REGULATIONS.

The following lines contain a brief summary of the rules governing the use of the Library, the full text of which in pamphlet form may be had free. Every user of the Library is expected to be familiar with them.

The use of the Library is free to all at seasonable hours.

Citizens, students, temporary sojourners, officers and men of the Army and Navy, and certain other persons may become card holders. Special privileges are granted also to teachers and clergymen, and loans of books are made upon deposit.

Application made in writing, with reference or student's certificate, secures a Library Card entitling the holder to draw books. Card holders must notify Registration Clerk of change of address. Cards are non-transferable, and revocable, and registration may be cancelled. Lost cards entail penalty; responsibility continues. Cards must be presented and stamped regularly with each book drawn or returned.

Cards entitle the holder to two books for seven or fourteen days without renewal. Books are not transferable. There are limitations governing the issue of Seven-day books.

There are restrictions upon the lending for Home Use of certain books. These restrictions are shown in the Catalogue.

Any person may use books within the Library upon signing the proper form of application, promising to return them before leaving the room.

Fines of two cents a day and twenty-five cents per two weeks extra, for four weeks, and the full cost of replacing books, with loss of privileges until paid, are the penalty for overdetection. No exemption is granted except to children. Further detention is punishable by law.

Books must be used with care and all damage made good. Violations of this rule are punishable by fine and imprisonment.

Books must be returned when called for and are to be taken from the shelves only by employees, except in the open reference collections.

Conversation and other abuses are forbidden under penalty of expulsion. Damage to catalogues is punishable. Attendants must enforce the rules but may be reported for incivility.

The Central Library is open daily except holidays, from 9 A.M. till 10 P.M., Sundays from 12 till 10 P.M., except that the summer closing hour is 9 P.M. both on week days and Sundays. The Branches are open at the hours posted therein.

## HOUSE RULES.

A Coat Room is provided where garments and packages may be checked; but the Trustees assume no responsibility.

Dogs are not allowed in the building. Smoking is prohibited.

Employees are not, except in emergency, allowed to receive visitors during working hours.

If articles are lost or found in the Library Building the fact should be reported immediately, and the articles delivered, to the Officer in charge of the Issue Department.

OF

## Books Placed in the Public Library

Since March, 1918.

For other and later titles see the current Weekly Lists.

The arrangement is that of a dictionary catalogue, entry being made by author, subject, and title. The printing of a name, usually of an author, in SMALL CAPITALS, indicates that under that name in the main alphabet will be found further and fuller entry.

### A GOOD RECEIPT FOR BREAD.

This receipt came from Saratoga Springs. An eminent biologist, who knows the taste as well as the dietetic value of food, has pronounced it the best bread he ever ate. The receipt is offered as a temporary relief from some of the mysterious compounds known as "war bread."

#### OATMEAL BREAD.

1 qt. boiling water.	1 tbsp. salt.
1 pt. oatmeal.	$\frac{1}{2}$ cake compressed yeast.
$\frac{1}{2}$ cup molasses.	2 qts. flour or more.

Pour boiling water on oatmeal and let cool. When lukewarm add molasses, salt, yeast dissolved in 2 tablespoons of water, and flour enough to knead. Mix very stiff, and let rise over night. In morning add no flour, cut down with knife, stir down and put into tins with spoon. Let rise in tins a second time until light enough to bake.

## RULES AND REGULATIONS.

The following lines contain a brief summary of the rules governing the use of the Library, the full text of which in pamphlet form may be had free. Every user of the Library is expected to be familiar with them.

The use of the Library is free to all at seasonable hours.

Citizens, students, temporary sojourners, officers and men of the Army and Navy, and certain other persons may become card holders. Special privileges are granted also to teachers and clergymen, and loans of books are made upon deposit.

Application made in writing, with reference or student's certificate, secures a Library Card entitling the holder to draw books. Card holders must notify Registration Clerk of change of address. Cards are non-transferable, and revocable, and registration may be cancelled. Lost cards entail penalty; responsibility continues. Cards must be presented and stamped regularly with each book drawn or returned.

Cards entitle the holder to two books for seven or fourteen days without renewal. Books are not transferable. There are limitations governing the issue of Seven-day books.

There are restrictions upon the lending for Home Use of certain books. These restrictions are shown in the Catalogue.

Any person may use books within the Library upon signing the proper form of application, promising to return them before leaving the room.

Fines of two cents a day and twenty-five cents per two weeks extra, for four weeks, and the full cost of replacing books, with loss of privileges until paid, are the penalty for overdetention. No exemption is granted except to children. Further detention is punishable by law.

Books must be used with care and all damage made good. Violations of this rule are punishable by fine and imprisonment.

Books must be returned when called for and are to be taken from the shelves only by employees, except in the open reference collections.

Conversation and other abuses are forbidden under penalty of expulsion. Damage to catalogues is punishable. Attendants must enforce the rules but may be reported for incivility.

The Central Library is open daily except holidays, from 9 A.M. till 10 P.M., Sundays from 12 till 10 P.M., except that the summer closing hour is 9 P.M. both on week days and Sundays. The Branches are open at the hours posted therein.

## HOUSE RULES.

A Coat Room is provided where garments and packages may be checked; but the Trustees assume no responsibility.

Dogs are not allowed in the building. Smoking is prohibited.

Employees are not, except in emergency, allowed to receive visitors during working hours.

If articles are lost or found in the Library Building the fact should be reported immediately, and the articles delivered, to the Officer in charge of the Issue Department.

## EXHIBITIONS.

Owing to the constant use of the space available for exhibitions in the Central Library and in the Branches and Reading Rooms, for the display of posters and cards, advertising the numerous war activities, no regular programme of exhibitions for the winter months has been arranged. As far as practicable the weekly lectures will be illustrated by exhibitions of pictures in the Fine Arts Department as heretofore.

The Library has a complete set of the War Photographs issued by the Committee on Public Information, Division of Pictures, Washington, and the various sections of the collection will be exhibited at the Central Library and the Branches and Reading Rooms, from time to time.

## THE FOURTH LIBERTY LOAN.

Samuel Untermyer, one of this country's foremost lawyers, has lately said that we shall be "divided into just two classes when this war is over — into those who did their duty and those who did not." No man or woman in the United States can escape from this dilemma, and must decide where he or she means to stand. There will be no Exemption Board to rid each one of us of responsibility. Shall we help our country in her hour of necessity, or shall we find unworthy excuses? This Government proposes to raise six billion dollars by borrowing on a long term and at a fair rate of interest, from its own citizens. He who lends quickly lends double, for it is all important that this purchase of the Fourth Liberty Loan shall move swiftly. For it to drag is to give aid and comfort to the enemy. Discomfort, privation, self-denial should now be regarded as privileges, not as hardships. The Citizens of Boston have a plain duty before them. Never have they shirked a duty in their long annals of patriotism, nor will they fail in this solemn crisis to respond to the call of humanity and of their nation's demand upon them. Lend until it cracks your muscles, and then lend twice as much more.

# THE LOWELL INSTITUTE

(Founded in 1836 by John Lowell, Jr., and opened to the Public in 1839.)

## FREE PUBLIC LECTURES IN THE CITY OF BOSTON

### PROGRAM FOR 1918-1919.

THE TRUSTEE of the Lowell Institute under the will of John Lowell, Jr., maintains annually in the City of Boston various Courses of Public Lectures. For the present—the eightieth—season five distinct Series will be provided, as follows:—

- I. FREE PUBLIC LECTURES IN HUNTINGTON HALL, — the Rogers Building, 491 Boylston Street.
- II. FREE EVENING SCHOOL FOR INDUSTRIAL FOREMEN.
- III. COLLEGIATE COURSES.
- IV. TEACHERS' SCHOOL OF SCIENCE.
- V. FREE LECTURES IN KING'S CHAPEL ON CURRENT TOPICS IN THEOLOGY.

Further information in regard to each of the several Series is given below.

A. LAWRENCE LOWELL, *Trustee*.  
W. T. SEDGWICK, *Curator*.

#### I. FREE PUBLIC LECTURES IN HUNTINGTON HALL.

LOWELL INSTITUTE LECTURES open to the public will be given this year, as in recent years, in Huntington Hall, Rogers Building, 491 Boylston Street, Boston. The several Courses will be announced in advance, with full particulars, in the advertising columns of the *Boston Evening Transcript* and, when possible, in the *Quarterly Bulletin* of the Bos-

ton Public Library. The first Course will begin on October 28, and will be given (in French) by Lieutenant André Morize of the French Army.

The Programme for the season may be had after October 1 by sending a stamped addressed envelope to the CURATOR, 491 Boylston Street, Boston.

#### II. FREE EVENING SCHOOL FOR INDUSTRIAL FOREMEN.

Under the Auspices of the Massachusetts Institute of Technology.

The Trustee of the Lowell Institute has established, under the auspices of the Massachusetts Institute of Technology, a Free Evening School for Industrial Foremen, comprising at present three Courses, a Mechanical, an Electrical, and a Buildings Course, each extending over two years.

*The Courses of Instruction.*—These courses are intended to bring the systematic study of applied science within the reach of young men who are following industrial pursuits and desire to fit themselves for higher positions, but are unable to attend Courses

during the day. The subjects included in the Courses are as follows:—

*First-year Mechanical and Electrical Courses.*—Mathematics; Physics and Elementary Electricity; Mechanism, and Drawing.

*Second-year Mechanical Course.*—Elements of Thermodynamics, the Steam-engine and Boilers; Valve-gears; Applied Mechanics; Hydraulics; Testing Laboratory; Steam and Hydraulic Laboratory; Mechanism and Machine Design.

*Second-year Electrical Course.*—Elements of Thermodynamics, the Steam-engine and

Boilers; Valve-gears; Steam Laboratory; Applied Electricity, I; Applied Electricity, II; Electrical Testing Laboratory; and Laboratory of Dynamo Electric Machinery.

*First-year Buildings Course.*—Mathematics; Physics and Elementary Electricity; Elements of Mechanism, and Drawing; Structural Mechanics and Graphic Statics; Steam and Hydraulic Machinery; and Heating and Ventilation.

*Second Year.*—Materials and Testing Materials; Structural Design; Foundations and Building Construction; Electric Machinery and Electrical Laboratory; Electric Wiring and Lighting; Steam Laboratory; and Building Laws, Contracts, Sanitation, etc.

Those who complete satisfactorily the required Courses of the two years and pass the examinations are given Certificates. The present school year will begin September 30, 1918. Attendance from 7.30 to

9.30 for three or four evenings a week is required, in addition to outside study.

**REQUIREMENTS FOR ADMISSION.**—To be admitted to the first-year course, the applicant must be at least eighteen years of age and pass satisfactorily entrance examinations in Arithmetic (including the Metric System), Elementary Algebra, Plane Geometry, and Mechanical Drawing. These examinations may be, in a measure, of a competitive nature, and considerable weight will be attached to the applicant's occupation and practical experience. The courses are open only to those who are ambitious and willing to study.

 A circular giving detailed information regarding the nature of the entrance examinations and other requirements may be obtained by sending a stamped addressed envelope to the Director, PROFESSOR CHARLES F. PARK, Massachusetts Institute of Technology, Cambridge.

### III. COLLEGIATE COURSES.

These have now become a part of the University Extension Courses, provided by an Association of Colleges in and about Boston, and as such they count towards the

A.A. degree. In accordance with a provision in the will of John Lowell, Jr., there will be charged for each Collegiate Course a fee of \$5 or less. See the following page.

### IV. TEACHERS' SCHOOL OF SCIENCE.

Courses in this school are now included in the Extension Courses given by a combination of all the colleges in and about Boston; and as such they count as one-quarter courses or one-third courses for the A.A. degree at Harvard University, Tufts Col-

lege, Radcliffe College, and Wellesley College. In accordance with a provision in the will of John Lowell, Jr., there will be a charge for each of these courses of \$5 or less.

### V. FREE LECTURES IN KING'S CHAPEL OF CURRENT TOPICS IN THEOLOGY.

Under the Auspices of the Harvard Divinity School, the Andover Theological Seminary, and the Episcopal Theological School of Cambridge.

**LECTURES ON CURRENT TOPICS IN THEOLOGY** will be given, as in recent years, in King's Chapel, Tremont Street, Boston. Admis-

sion is FREE and no tickets are required. Detailed announcements will be found in the January Bulletin.

## WAR SAVINGS STAMPS.

In promoting the more immediate demand put upon us by the Government, and the great war charities, we should still bear in mind that the purchase of War Savings Stamps is an important factor in the national endeavor. There are some of us who cannot begin to do what we should like to do in buying bonds or giving money, but every one can keep constantly in mind the obligation to buy these War Savings Stamps. Twenty-five or fifty cents a week will soon run up to larger amounts, and we shall be glad later on that we have helped in this way too. Fifty cents a week, and as much more as you can or cannot afford, is patriotic chicken-feed, and it will help.

**Methods of Teaching in Secondary Schools.** (1) Mathematics, or (2) English. \$2; textbooks extra.

## COURSES IN MATHEMATICS.

**Practical Applied Mathematics.** For men employed in shops and factories. \$2.

**Shop Arithmetic.** \$2.50.

**Practical Mathematics for Electricians.** \$2.

**Slide Rule and its Use.** Open to those who have had the course in *Practical Applied Mathematics*. Every student taking this course should own or have access to a slide rule. A very serviceable slide rule may be secured at this writing for \$3. Charge for postage, lesson sheets, and practice slide rule, \$2. To those furnishing their own slide rule the charge is \$1.

**Practical Mechanics.** Simpler problems in mechanics likely to be met in shop work and practical engineering. \$2.50.

**Advanced Shop Mathematics.** \$2.50.

**Elementary Algebra.** Includes subject-matter required for entrance examinations in New England colleges. By correspondence only. \$2.

**Elementary Geometry.** Includes plane geometry as required for college entrance examinations. By correspondence only. \$2.

**Solid Geometry.** Continuation of the course in *Elementary Geometry*. By correspondence only. \$2.

**Advanced Algebra.\*** Advanced course in Algebra equivalent to similar courses offered in colleges. \$3.

**Trigonometry.\*** Course equivalent to those offered in colleges. \$3.

**Statistics — Elements of Mechanics.** Calculation of the stresses in structures used ordinarily in mechanical engineering, cranes, derrick crabs, roof trusses, etc. \$2; textbook extra.

**Practical Calculus.** Ten lessons. \$2.

## COMMERCIAL AND MANAGEMENT COURSES.

**Business Arithmetic.** By correspondence only. \$2.

**Bookkeeping.** By correspondence only. \$4.50, including all material.

**Stenography.** A brief course for beginners. By correspondence only. \$3.

**Typewriting.** Instruction in touch system of writing. By correspondence only. \$3.

**Show-card Writing.** By correspondence only. \$5, including equipment.

### COURSES IN ENGINES AND BOILERS.

**Practical Steam Engineering.** \$4.

**Gas and Oil Engines.** By correspondence only. \$4.

**Gasoline Automobiles.** Ten lessons. \$2.50.

**Heat.** Intended to supply the fundamental and practical knowledge necessary for the successful study of heat-using machinery. \$3.

**Engineering Thermodynamics** (in preparation). \$4.

**Fuels.** Ten lessons. \$2.50.

**Steam Boilers.\*** \$4.

**Steam Engines.\*** \$4.

**Steam Turbines.\*** \$5.

### COURSES IN HEATING, VENTILATING, AND POWER PLANTS.

**Heating and Ventilating.\*** Open only to those who have had the course in *Shop Sketching* or its equivalent. \$5.

**Power Plant Economics.\*** \$5.

**Testing of Power Plants.\*** Offered for class instruction only. \$5.

**Locomotive Maintenance.** Offered for class instruction only. \$2; text-books extra.

**Refrigeration.\*** \$4.

**Heating and Lighting for Janitors.** \$2.

### COURSES IN ELECTRICITY.

**Practical Electricity.** Open only to those who have had the course in *Practical Applied Mathematics* or its equivalent. \$2.50.

**Dynamo-Electric Machinery.** Open only to those who have had the course in *Practical Electricity* or its equivalent. \$3.

**Theory of Alternating Currents.\*** Advanced Course. Open only to those who have had the course in *Dynamo-Electric Machinery* and *Practical Calculus* or their equivalents. \$5.

**Electric Railways.** Open only to those who have had the course in *Practical Electricity* or its equivalent. \$3.

**Electric Transmission.\*** Open only to those who have had courses in *Dynamo-Electric Machinery* and *Alternating Currents*. \$4.

**Electric Wiring.** By correspondence only. Open only to those who have had the course in *Practical Electricity* or its equivalent plus practical experience. \$4.

### COURSES IN STRUCTURAL, HIGHWAY, AND HYDRAULIC ENGINEERING.

**Materials of Construction.** Ten lessons. \$2.

**Lumber and its Uses.** Ten lessons. \$3.

**Concrete and its Uses.** Twelve lessons. \$2.

**Strength of Materials.** \$3.

**Elements of Structures.\*** \$3.

**Highway Engineering.** Instruction given by a specialist in the Massachusetts Highway Commission. Ten lessons. \$2; text-books extra.

**Plumbing.** By correspondence only (ten lessons). \$5.

**Steel Building Design.\*** \$2; text-books extra.

**Bridge Design.\*** \$2; textbooks extra.

**Reinforced Concrete Construction.\*** \$2; textbooks extra.

**Hydraulics.** Practical course giving only the essentials as regards theory. \$3.50; text-books extra.

**Water Supply and Irrigation.\*** Offered for class instruction only. \$2; textbooks extra.

### COURSES IN HOMEMAKING.

## UNITED WAR WORK CAMPAIGN.

Before the next issue of this Bulletin appears this Nation will have begun and finished a campaign to raise, between November 11-18, the magnificent sum of \$170,500,000 for carrying forward the war work of the Young Men's Christian Association, the Young Women's Christian Association, the National Catholic War Council, the Jewish Welfare Board, the War Camp Community Service, the American Library Association, and the Salvation Army. Each one of these great organizations is doing all within its power to bear the tasks allotted to it. All are worthy; all are trusted throughout the whole country. If it is our duty to buy bonds, at some advantage to ourselves, it is our privilege to give with generous hand all we possibly can afford to help these splendid benefactions, and then to give just a little more. The price of a modest dinner for two, of an evening at the theatre, a pound or two of candy, or the gasoline for an afternoon's motor trip, set aside by every thoughtful citizen in this country, and given to so noble a cause, will go far toward achieving the end. Boston and Massachusetts ought to lead and not follow in such an undertaking.

## RULES AND REGULATIONS.

The following lines contain a brief summary of the rules governing the use of the Library, the full text of which in pamphlet form may be had free. Every user of the Library is expected to be familiar with them.

The use of the Library is free to all at seasonable hours.

Citizens, students, temporary sojourners, officers and men of the Army and Navy, and certain other persons may become card holders. Special privileges are granted also to teachers and clergymen, and loans of books are made upon deposit.

Application made in writing, with reference or student's certificate, secures a Library Card entitling the holder to draw books. Card holders must notify Registration Clerk of change of address. Cards are non-transferable, and revocable, and registration may be cancelled. Lost cards entail penalty; responsibility continues. Cards must be presented and stamped regularly with each book drawn or returned.

Cards entitle the holder to two books for seven or fourteen days without renewal. Books are not transferable. There are limitations governing the issue of Seven-day books.

There are restrictions upon the lending for Home Use of certain books. These restrictions are shown in the Catalogue.

Any person may use books within the Library upon signing the proper form of application, promising to return them before leaving the room.

Fines of two cents a day and twenty-five cents per two weeks extra, for four weeks, and the full cost of replacing books, with loss of privileges until paid, are the penalty for overdetection. No exemption is granted except to children. Further detention is punishable by law.

Books must be used with care and all damage made good. Violations of this rule are punishable by fine and imprisonment.

Books must be returned when called for and are to be taken from the shelves only by employees, except in the open reference collections.

Conversation and other abuses are forbidden under penalty of expulsion. Damage to catalogues is punishable. Attendants must enforce the rules but may be reported for incivility.

The Central Library is open daily except holidays, from 9 A.M. till 10 P.M., Sundays from 12 till 10 P.M., except that the summer closing hour is 9 P.M. both on week days and Sundays. The Branches are open at the hours posted therein.

## HOUSE RULES.

A Coat Room is provided where garments and packages may be checked; but the Trustees assume no responsibility.

Dogs are not allowed in the building. Smoking is prohibited.

Employees are not, except in emergency, allowed to receive visitors during working hours.

If articles are lost or found in the Library Building the fact should be reported immediately, and the articles delivered, to the Officer in charge of the Issue Department.

# THE LOWELL INSTITUTE

(Founded in 1836 by John Lowell, Jr., and opened to the Public in 1839.)

## FREE PUBLIC LECTURES IN THE CITY OF BOSTON

### PROGRAM FOR 1918-1919.

THE TRUSTEE of the Lowell Institute under the will of John Lowell, Jr., maintains annually in the City of Boston various Courses of Public Lectures. For the present—the eightieth—season five distinct Series will be provided, as follows:—

- I. FREE PUBLIC LECTURES IN HUNTINGTON HALL, — the Rogers Building, 491 Boylston Street.
- II. FREE EVENING SCHOOL FOR INDUSTRIAL FOREMEN.
- III. COLLEGIATE COURSES.
- IV. TEACHERS' SCHOOL OF SCIENCE.
- V. FREE LECTURES IN KING'S CHAPEL ON CURRENT TOPICS IN THEOLOGY.

Further information in regard to each of the several Series is given below.

A. LAWRENCE LOWELL, *Trustee*.  
W. T. SEDGWICK, *Curator*.

#### I. FREE PUBLIC LECTURES IN HUNTINGTON HALL.

LOWELL INSTITUTE LECTURES open to the public will be given this year, as in recent years, in Huntington Hall, Rogers Building, 491 Boylston Street, Boston. The several Courses will be announced in advance, with full particulars, in the advertising columns of the *Boston Evening Transcript* and as far as possible in the *Quarterly Bulletin* of the Boston Public Library. They are briefly described on the next page.

*Admission to the Huntington Hall Courses is Free, but only by Ticket* (except as stated in paragraph 7 beyond), the number of tickets being limited by the capacity of the Hall.

Tickets are distributed to the public under the following rules:—

1. *Admission tickets of the First Lecture of each Course will be mailed, one to each applicant, in the order of application, and until the supply is exhausted, to all persons whose letters of application are received at least two days before the beginning of any Course by the CURATOR of the LOWELL INSTITUTE, 491 BOYLSTON STREET, BOSTON, and are accompanied by stamped addressed envelopes.* (See paragraphs 3 and 4 beyond.)

In such envelopes, when duly stamped and addressed, tickets will be mailed as soon as they are ready for distribution, and if the supply is not already exhausted. If, however, as often happens, the desired tickets are not yet ready for distribution, the envelopes received will be kept on file in the order of application, and, as a rule, tickets for any Course will be mailed to applicants a few days only before the actual beginning of that Course.

*A separate envelope must be sent for EACH TICKET desired.*

*When tickets are in great demand, only ONE TICKET will be mailed to any one applicant or in any one stamped addressed envelope.*

2. *Persons desiring to secure tickets for more than one Course must send A SEPARATE, STAMPED, ADDRESSED ENVELOPE FOR EACH TICKET FOR EACH COURSE.*

3. *On and after the day on which a Course begins, any tickets left over for that Course may be obtained at the Office of the Lowell Institute, 491 Boylston Street, BETWEEN THE HOURS OF TWO AND FOUR P.M. (except Satur-*

days); or by sending to the Curator (with a specific request for such left-over tickets) a stamped addressed envelope; but, inasmuch as it is intended to distribute tickets chiefly by mail, *no tickets will be given out at the Office of the Lowell Institute for any Course before the day on which that Course begins.*

4. <sup>1st</sup> Persons attending the *First Lecture* of any Course may, just before entering the Hall, *EXCHANGE* their *Admission tickets* to the *First Lecture* for TICKETS GOOD FOR RESERVED SEATS FOR THE ENTIRE COURSE.

5. In order to give all applicants equal opportunity, all reserved seat tickets are placed beforehand in envelopes, some containing one ticket good for one reserved seat, some containing two or more tickets, good for adjoining reserved seats. These envelopes are then shuffled, and at the *First Lecture* of any Course all who desire to do so may, as just stated (see paragraph 4), *EXCHANGE* their *First-lecture Admission tickets* at tables in the vestibule, for envelopes, drawn by lot, containing *COURSE* tickets good for *RESERVED SEATS*.

6. <sup>2nd</sup> Two or more persons wishing to sit together may, by surrendering together their *First-lecture Admission tickets* (see paragraph 4), exchange these before entering the Hall for envelopes containing *Course tickets* for *ADJOINING RESERVED SEATS*.

7. A limited number of applicants *WITHOUT TICKETS* OF ANY KIND may as heretofore obtain admission to the Hall (and almost always good seats) for any lecture by waiting in line in the vestibule at the foot of the stairs.

8. At all lectures in Huntington Hall the DOORS ARE CLOSED WHEN THE LECTURE BEGINS AND NO ONE is afterward allowed to enter.

Ticket holders are requested to return promptly to the Curator or to the Office, for the benefit of others, tickets which they find they cannot use.

*A History of the Lowell Institute*, by Harriette Knight Smith, giving a complete list of the lectures in previous years, the subjects of their lectures, etc., was published in 1898, but is now out of print.

THE FOURTH COURSE will be eight lectures by W. S. FERGUSON, Professor of Ancient History in Harvard University, on *Greece, the Forerunner of Europe*. 1. THE GREAT ANALOGY. 2. GREEK AND MODERN NATIONALISM. 3. THE DIFFICULT AND DUBIOUS DOMAIN OF ECONOMICS. 4. DEMOCRACY AND THE SOCIAL QUESTION. 5. THE EASTERN QUESTION. 6. SMALL NATIONS AND LARGE STATES. 7. AUTOCRACY VERSUS FEDERALISM IN THE BALKANS. 8. THE ROMAN HEGEMONY. LIBERTY IN ITS RELATION TO CULTURE. On Monday and Tuesday afternoons at 5 o'clock, beginning Monday, January 6.

THE FIFTH COURSE will be eight lectures by ARTHUR EDWIN KENNELLY, A.M., S.D., Professor of Electrical Engineering in Harvard University, and Director of Research in Electrical Engineering in the Massachusetts Institute of Technology, on *Engineering in the War*. 1. WAR-CONSTRUCTION ENGINEERING:—BUILDINGS, CAMPS, FACTORIES. 2. SHIP AND MARINE ENGINEERING. SUBMARINES AND THEIR DETECTION. CAMOUFLAGE AT SEA. 3. MILITARY ROADS AND ROAD VEHICLES. AUTOS, LOCOMOTIVES, TANKS, ETC. 4. AERONAUTIC ENGINEERING. ZEPPELINS, DIRIGIBLES, CAPTIVE BALLOONS, AIRPLANES. AERIAL CAMOUFLAGE. 5. AIRPLANE ENGINEERING. LIAISON, BOMBING, AND AERIAL PHOTOGRAPHY. ANTI-AIRCRAFT ENGINEERING. 6. RADIO ENGINEERING. SIGNALS AND COMMUNICATION. 7. ORDNANCE ENGINEER-

ING. GUNS AND GUN DETECTION. SEARCHLIGHTS AND ILLUMINATING ENGINEERING. RÉGLAGE. 8. SANITARY AND MEDICAL ENGINEERING. WATER, ICE, GAS DEFENCE, PROTECTION AGAINST DISEASE. On Tuesday and Friday evenings at 8 o'clock, beginning Tuesday, January 7.

THE SIXTH COURSE will be six lectures by GREGORY P. BAXTER, Professor of Chemistry at Harvard University, on *Chemistry in the War*. 1. THE EFFECT OF THE WAR ON CHEMICAL MANUFACTURES. 2. THE SAME, CONTINUED. 3. EXPLOSIVES. 4. SMOKE SCREENS, SIGNALS, INCENDIARIES, ETC. 5. GAS WARFARE. 6. THE SAME, CONTINUED. On Tuesday and Friday evenings at 8 o'clock, beginning Tuesday, February 4.

THE SEVENTH COURSE will be eight lectures by GEORGE H. CHASE, John E. Hudson Professor of Archæology in Harvard University, on *Greek and Roman Sculpture in American Collections*. 1. THE ARCHAIC PERIOD. 2. THE PERIOD OF TRANSITION. 3. THE GREAT AGE: PHIDIAS AND POLYCLITUS. 4. THE GREAT AGE: PRAXITELES AND SCOPAS. 5. THE HELLENISTIC PERIOD. 6. THE ROMAN PERIOD: GRÆCO-ROMAN WORK. 7. THE ROMAN PERIOD: PORTRAITS AND DECORATIVE WORK. 8. CONCLUSION: THE ESSENTIAL QUALITIES OF GREEK AND ROMAN SCULPTURE. On Monday and Thursday afternoons at 5 o'clock, beginning Monday, February 10.

## II. FREE EVENING SCHOOL FOR INDUSTRIAL FOREMEN.

Under the Auspices of the Massachusetts Institute of Technology.

The Trustee of the Lowell Institute has established, under the auspices of the Massachusetts Institute of Technology, a Free Evening School for Industrial Foremen, comprising at present three Courses, a Mechanical, an Electrical, and a Buildings Course, each extending over two years.

*The Courses of Instruction.*—These courses are intended to bring the systematic study of applied science within the reach of young men who are following industrial pursuits and desire to fit themselves for higher positions, but are unable to attend Courses during the day.

Those who complete satisfactorily the required Courses of the two years and pass the examinations are given Certificates. The present school year began September 30, 1918. Attendance from 7.30 to 9.30 for three or four evenings a week is required, in addition to outside study.

**REQUIREMENTS FOR ADMISSION.** — To be admitted to the first-year course, the applicant must be at least eighteen years of age and pass satisfactorily entrance examinations in Arithmetic (including the Metric System), Elementary Algebra, Plane Geometry, and Mechanical Drawing. These

examinations may be, in a measure, of a competitive nature, and considerable weight will be attached to the applicant's occupation and practical experience. The courses are open only to those who are ambitious and willing to study.

✍ A circular giving detailed information regarding the nature of the entrance examinations and other requirements may be obtained by sending a stamped addressed envelope to the Director, PROFESSOR CHARLES F. PARK, Massachusetts Institute of Technology, Cambridge.

### III. COLLEGIATE COURSES.

These have now become a part of the University Extension Courses, provided by an Association of Colleges in and about Boston, and as such they count towards the A.A. degree. In accordance with a provision in the will of John Lowell, Jr., there will be

charged for each Collegiate Course a fee of \$5 or less.

✍ A circular giving detailed information about these AND OTHER COURSES offered by the Associated Colleges may be obtained by applying to the COMMISSION ON EXTENSION COURSES, 19 UNIVERSITY HALL, CAMBRIDGE.

### IV. TEACHERS' SCHOOL OF SCIENCE.

Courses in this school are now included in the Extension Courses given by a combination of all the colleges in and about Boston; and as such they count as one-quarter courses or one-third courses for the A.A. degree at Harvard University, Tufts College, Radcliffe College, and Wellesley College. In accordance with a provision in the

will of John Lowell, Jr., there will be a charge for each of these courses of \$5 or less.

✍ For detailed information application should be made to PROFESSOR GEORGE H. BARTON, Director, 234 Berkeley Street, Boston, or to the COMMISSION ON EXTENSION COURSES, 19 UNIVERSITY HALL, CAMBRIDGE.

### V. FREE LECTURES IN KING'S CHAPEL ON CURRENT TOPICS IN THEOLOGY.

Under the Auspices of the Harvard Divinity School, the Andover Theological Seminary, and the Episcopal Theological School of Cambridge.

**LECTURES ON CURRENT TOPICS IN THEOLOGY** will be given, as in recent years, in King's Chapel, Tremont Street, Boston. Admission is FREE and no tickets are required. Monday afternoons at 2.30 o'clock. Doors

opened at 2 o'clock.

✍ Detailed announcements will be made in later editions of this Program issued by the Lowell Institute, and in the advertising columns of the *Transcript*.
